

THE FIRST INTERNATIONAL CONFERENCE ON
COMPUTATIONAL TECHNOLOGIES IN CONCRETE STRUCTURES

24 – 27 May 2009, Seogwipo KAL Hotel, Jeju, Korea

April 24, 2009

Prof. Paulo de Tarso Cronemberger Mendes
Federal University of Piaui
Piaui
Brazil

RE: CPN209: Effects of Reinforcement Corrosion on Structural Assessment of Reinforced Concrete Bridges: P.deT.C. Mendes, P.de M. Pimenta and B. Novak, Federal University of Piaui, Brazil

Dear Professor Mendes:

I am happy to inform you that your paper listed above has been peer reviewed and accepted for presentation at the CTCS'09(The First International Conference on Computational Technologies in Concrete Structures) to be held during 24-27 May, 2009 in Jeju, Korea. Your paper has been accepted for inclusion in the proceeding and for oral presentation.

If you have not registered yet, the registration and hotel reservation forms are available in the conference web-site: <http://ctcs09.kaist.ac.kr>. If you have difficulties in visiting the web-site, please let us know. You may pay the registration fee by a cheque made payable to "CTCS'09" or by credit card. Please be reminded that you can save by registering early (by April 30) and the availability of the special room rates for CTCS'09 participants is limited.

For more information, such as the pre-registration, audio/video equipments, hotel accommodation, local transportation, and social programs, etc., please visit our web-site (<http://ctcs09.kaist.ac.kr>). The site will be updated from time to time until the program is finalized.

Looking forward to welcoming you soon in Jeju, Korea, I remain,

Sincerely,

Chang-Koon Choi
Chairman, CTCS'09
